Jan Marini 5-Step Skin Care Management System

Jan Marini is one of the most comprehensive aesthetic skincare ranges on the market.

The award-winning Skin Care Management System was developed with synergistic layered technology to measurably improve the appearance of common skin conditions such as acne, fine lines and wrinkles, hyper pigmentation and rosacea.

The 5 step programme includes all the essential products to use for great looking skin and is very simple to follow.

- Overall skin rejuvenation.
- Soothing, fragrant and non-irritating.
- Five full sized products in one handy set.
- In stock and ready to collect. Gift wrapping available.

Kit includes:

1. **Cleanse** – Bioglycolic Face Cleanser
Daily cleanser gently cleans and exfoliates the skin without drying.
2. **Rejuvenate** – C-ESTA Face Serum
A combination of Vitamin C and DMAE lifts & tightens facial skin contours.
3. **Resurface** – Bioglycolic Bioclear Face Lotion
A powerful combination of acids leaving skin dramatically smoother, clearer and more refined.
4. **Hydrate** – Transformation Face Cream
Peptides to hydrate and enhance the skin.
5. **Protect** – Antioxidant Daily Face Protectant SPF 30
Delivers broad-spectrum UVA and UVB protection to decrease premature skin aging.
